

Formula of the 17TH of April

Solemn Promise between God and I

I see the world's burden charged on to me, and I am subject to his scorning and miseries, and yet more guilty in the presence of My Lord and God. For this, I scorn death; and to the peril of my flesh, I WANT TO WORK, co-operate to bring back the Tree of Life with the KNOWLEDGE OF GOOD OVER EVIL. With this purpose, I reject from this moment and for ever all man's purpose and scorning. I take a firm determination from this moment, that my mouth, my heart and my soul, will never have any offensive opinion and saying for others. I beware and I renounce, for I go to God on account of His Love for me, I WANT TO BE ALL HIS. May His Grace preserve me from all contamination, so that I could confess Him in His Reign with sincerity and stability, and to receive in His Name my Forgiveness, as to be a part of His Body in His Kingdom, in His Reign on this earth as in heaven; and may be He mine ONLY PROTECTOR LIKE BEING MY ONLY WEALTH. Amen

---

Alliance with God.

He is my Sole Protector and I long for His Christ, Ministry; I die for the world and evince contempt for his power, and refuse his device.

---

Forgiveness's formula.

My Son, or my Daughter; In the Name of Whom who sends me, by your own and deliberate desire, I receive you, because you were free and you come to Me. In my Name and by Him who sent Me, I absolve you from all sorrows due to your sins. Your pains will be now united to my own Body for others and not for yourself, until the completion of my members. If you love Me, Proclaim Me, work and dress my sorenesses for they are bitter! And by your work, My Father will dry up your tears in Me; All your sorrows and miseries will disappear from your bosom when My Body will be completed, blessed and regenerated in your bosom. Receive from My Hands

in My Name and His, the VIRGINITY; and may Love and Peace be your share!  
Manage so that I may be in you in the mother's bosom, and I will be in you,  
and I promise, that God will be Our Powerfull PROTECTOR.

---

## CONSECRATION ACT.

Heavenly Father, almighty and everlasting, here we are reunited in thy presence for the accomplishment of thy will. We beseech Thee, kindly accept our bodies and souls, that we are giving Thee in all our freedom, and deign, from now on and for ever, inhabit them by thy Holy Spirit and take possession of them from this very moment and for everlasting life.

We beseech Thee to accept our own liberty to this purpose and to take away from us all means and possibilities of acting against thy will! And allow that we do and act under all circumstances and particulars, no more by ourselves, depending on thy power for all of us, to make ourselves powerless to do so, but Thou shalt permit that we become into thy hands the instrument for the accomplishment of all thy desires.

O Almighty and Everlasting Father, through the ungratefulness and blindness of thy creature, who outraged and sinned against Thee and disregarded thy extreme kindness, she is tempted to ignore Thee and to refuse to accept Thee as the Father of the fruit of her womb; consequently we have been deprived of thy light bound to thy Promise, and we have been also deprived of it until Thou hast revealed it by thy Son, according to his promise, we beg of Thee, since Thou hast condescended, in thy infinite kindness, to preserve and keep us to participate for this present time of thy revelation.

We join ourselves together, o almighty Father, knowing that Thou art most powerful and able of all things. Be our good will, since it comes from Thee! Kindly support it forever by thy might and power; and also kindly spread thy blessings on the bread and the beverage of our mothers! Kindly, through the merits and the sufferings of our Body and those of our womb in Jesus and Mary, to forgive them (to forgive us), to purify them, (to purify us), and to make them holy, (to make us holy), in order that through the Light which has been concealed to our fathers and that Thou hast always commanded so, thy Reign on the earth; and allow that God be in us, dwells in our bodies and be the Father of the Life of the seed which shall be placed into us! And permit that we change all the species that Thou hast ~~received~~ given us for food in wholesome flesh and blood! And we beseech Thee never to allow that we change them otherwise! Let them always serve to thy greatest glory and for the accomplishment of thy Reign and of thy Will on the earth as it is already done in Heavens.

O Sovereign and Absolute Master, for whom we beseech Thee to kindly guide us always and to forsake us never, and never to lead the fruit of our womb towards ~~wickedness~~ wickedness and temptations, as were our ancestors, who were deprived of the Light's knowledge. We make a covenant with thy Person (or, our person with Thee), by this salt that we taste (we taste the salt), in order that it shall not become insipid in us through our Liberty, in spite of the Devil's temptations to deceive and mislead us! But that Thou shalt give us all the strength necessary to keep the grace and the flavor of the Holy Spirit from this very moment, forever and for everlasting life, in order that we shall be able to say with the fruit of our womb: "Our Father which art in heavens, etc....."

COMMUNION. HERE WE TAKE THE BREAD AND WINE AS THE SYMBOLS OF EVERY MEAL.

Dear Brethren, in the name of He who sent me in the world, world of death and darkness, the same who sends me now to you, let that day be the greatest of all! because I come to draw you off the Devil's slavery and bondage and that of his infernal agents, who attract you as magnet attracts iron. And I frankly declare that it is not without difficulties and hardships that I shall draw you from death to lead you to the Life of Grace and Blessing. For you are absolutely powerless to get away from the innate attraction that holds you bound to Satan and to his agents. But through your good will and

with my help, if you accept me, it is only by my own power, power given to me by my Father, that I shall free you from them.

Since the beginning of the world, o men that I spy your infernal and wicked deeds without having been able to find in them nothing of the justice and truth that I already taught you, I am coming back in the world, given to me by my Father, as I have already predicted so, because I know and knew your deeds from the beginning. That is the reason why I prophesied so. I, then, come to accomplish my promise in the world, that my Father has given me, to draw it off the death and to conduct it to their source of Life, by the way, the path that I, myself, followed in the body of Christ-Jesus, by my mother's consent, and by the consecration bestowed upon me by God's messenger; being united in their request to my Father, I came down among them and you have fed me, mothers, with a wholesome flesh and holy blood. I came in the world through my Father's route.

My brethren, as my Father sent me down to the world, I send you now that you are a part of my body; and, as my Father gave me the world, I give it to you, so that the same world should be judged by you and your angels who shall be born from your ministry, so that you might pull off a great number of souls from death, to lead them, without guile and craft, to the source of life which is my Father, in the accomplishment of the Spirit of Truth.

Now, my Father acknowledges my body in you, because He dwells into me as He dwells into you, by His spirit, and we dwell into Him in a same and single body; and we have the Mission to accomplish His will, His work in and on the world. And I also pray my Father for you and for the world until my work is accomplished for the completeness of my Father's glory on earth; and to resolve the reign of happiness and peace in the world, exactly as desired by my Father in the Garden of Eden, for the greatest mirth of the Elected Ones, for the time being and for the eternal Life, in order to get them into their inheritance, which was prepared for them by my Father from all eternity; and to bestow upon them the everlasting happiness and eternal peace on the earth as it is in heavens, in giving them the ownership of their patrimony (inheritance) in the same state as they received it in the beginning of the world, after having hunted away Satan and his imps from the earth as I chased them from heavens for ever.

My brethren, by this consecration, the work of your hands and your ministry is to accomplish the Reign of my Father on earth, and then I shall not pray any more neither for them nor for you, because my Father is and shall be in you for the time and ever. And my Father, who sees you, hears you also, cannot refuse you, because you are bearing into you His holy name.

But woe unto him who should attempt to receive this consecration without the wedding robe, that is to say with wicked dispositions, and should be tempted to return backward!!! For my Father wishes that we all make but one in Him as ye shall make but one in Me, without division. For outside of my way are night and darkness for condemnation and hell for eternity. Let us acknowledge it from the heart and in spirit and truth, let us say: "Our Father who art in heavens and in my body, who hast forsaken me in the world that thou hast given me in drawing back thy spirit from the world, I remained alone with Thee. But now that thy hour and time have come to be accomplished in this world, world that Thou hast given me, here I am standing in thy presence, in this day, in this millenium, which is my blessed day for the accomplishment of thy will on the earth. See what is missing in my body; allow that it grows up to its complete number, that is to know: 144,000 disciples; and since Thou hast granted me in this day of thy reign the completing of Light in my body, let thy will be done as mine on the earth as it is in Heavens.

AMEN!
