Dear Brother:

I precisely arrived from a trip to Fall River where I had the inexpressible happiness of interviewing the divine Master and I can tell you without preambulum that his Majesty has the highest esteem for you.

I was very glad indeed to hear that we had in your person a member of such great a discrimination and generosity. I congratulate you, dear brother, of the dispositions that you prove being so elevated and I hope that you will everlastingly keep your faith in our supreme Mission. Your intelligence has convinced you of the truth that we preach and you can be assured of the sincerity of our love.

An eminent miracle took place at Adamsville recently performed naturally by the adorable Master, and witnessed by over fifty people. The all powerful Orator gave in full night one of the greater evidence of his divine personality. He changed **my** a moment of time the cloudy firmament into a brilliant sky swarmed with stars. He demonstrated by this act that the darkness and its chariot of tempests and wickedness is called and doomed to disappear while the light and the myriads of consecrated ones meaning the children of God to occupy the regenerated Kingdom of the earth. His prodigy is one of the greatest evidence of the Master's divinity. You will probably hear from this soon.

But my intention in writing to you is to thank you and encourage you to remain faithful to our Mission.

Please grant my request because your soul is a mirror of kindness, of knowledge, and grandeur. So I hope and I desire that you will comprehend the beauty of our institution and that you will attach yourself and yours to our so great Master and Lord.

The Master and Lord hopes that your consecration take place soon.

Good by, dear brother, please accept my best regards.

G. R.
